Scale of Charges from 01 February 2022

Features and Benefits of using/hiring a historic church

In helping shape our identity, our heritage becomes part of what we are. Our expression of this identity shows others what we value; it highlights our values and priorities.

Our heritage provides clues to our past and how our society has evolved. It helps us examine our history and traditions and enables us develop an awareness about ourselves. It helps us understand and explain why we are the way we are.

Heritage is a keystone of our culture that plays an important role in our politics, society, business and world view. It informs, influences and inspires public debate and policy both directly and indirectly.

- The Hirer's event can be held in a special building up to 1000 years old
- The building has a 'sense of place', adding impact to the event
- The building is an opportunity for your guests to explore and enjoy the history and fabric of the building over a longer period of time, rather than just a fleeting visit
- Some churches have basic facilities; others have none. Additional services can be added at the hirers' own cost.
